

000-076 IBM certifications I IBM IBM System x Sales

000-076: IBM System x Sales

Practice Exam: 000-076 Exams

Exam Number/Code: 000-076

Exam Name: IBM System x Sales

Questions and Answers: 106 Q&As

([IBM certifications I](#))

Exam : [000-076](#)

IBM certifications I [000-076](#) Braindumps Q&A are created by senior IT lecturers in Just4Exam certification Q&A network and IBM certifications I product experts combination PROMETRIC or VUE true-to-date environmental examination of the original title.

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **IBM IBM certifications I 000-076** examination of original title complete coverage. Just4Exam **000-076 Braindumps** Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

VUE/Prometric Code: 000-076

Exam Name: IBM System x Sales(IBM certifications I)

Questions and Answers: 106 Q&A

Just4Exam provide the professional Q&A.

1. We offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the 000-076 Exam.

000-076 simulation test questions, including the examination question and the answer, complete by our senior IT lecturers and the IBM certifications I product experts, included the current newest 000-076 examination questions.

3. 100% Guarantee to Pass Your IBM certifications I exam and get your IBM certifications I Certification.

All will purchase "000-076 Q&A" customers will obtain refund money after-sale commitments if do not pass the exam, And enjoy the upgrade Q&A service for free in one year. Ensure customers a pass rate. Just4Exam helps you one time pass the IBM certifications I 000-076 tests.

We promised that use Just4Exam Q&A ensure you pass the exam at your first try.

1. The Q&A are from cooperation exam center of the real original title, summarized by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A. The correctly of the Q&A is 100%, the coverage of 000-076 Q&A are more than 96%. All you need to study the whole 000-076 Q&A before you participate the certification exam, it should be possible to easily complete the exam and pass the certification.

2. Just4Exam to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our 000-076 Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC or VUE test centers Seal. we will refund your full cost of 000-076 Q&A, absolutely guarantee you interests have no losses. (For a full refund details)

3. Just4Exam professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the 000-076 Q&A, we will update the Q&A in the first time, and provide you the download update for free.

[IBM 000-076](#) Test belongs to one of the IBM certifications I certified test, if needs to obtain the IBM certifications I certificate, you also need to participate in other related test, the details you may visit the [IBM certifications](#) I certified topic, in there, you will see all related IBM certifications I certified subject of examination.

000-076

Just4Exam professional provide IBM certifications I 000-076 the newest Q&A, completely covers 000-076 test original topic. With our complete IBM certifications I resources, you will minimize your IBM certifications I cost and be ready to pass your 000-076 tests on Your First Try, 100% Money Back Guarantee included!

Just4Exam Engine Features

Comprehensive questions and answers about 000-076 exam

000-076 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

000-076 exam questions updated on regular basis

Same type as the certification exams, 000-076 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free 000-076 exam demo before you decide to buy it in Just4Exam.com

Just4Exam Help You Pass Any IT Exam

[Just4Exam.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : IBM 000-076

Title : IBM System x Sales

1. What's the strongest differentiator between 2U servers offered by IBM, HP, and Dell?

- A. DIMM slots
- B. hot swappable fans
- C. hot swappable hard drives
- D. none of the above

Answer: A

2. Which of the following Cool Blue technologies will help energy consumption budgeting of System x servers based upon current actual consumption?

- A. IBM Standalone Solutions Configuration Tool (SSCT)
- B. IBM Active Energy Manager
- C. Rear Door Heat eXchanger
- D. IBM Power Configurator

Answer: B

3. Which of the following IBM products includes a rich set of tools to monitor the health of System x, BladeCenter-based systems and to automatically take action to minimize costly outages?

- A. IBM Insight Manager
- B. Veritas Sysmanage for IBM
- C. IBM Director
- D. IBM Netmanage

Answer: C

4. Which of the following listed diagnostics products provides easy notification and identification of a failed component, even if the power is off?

- A. Insight manager
- B. PowerPath
- C. LightPath Diagnostics
- D. Sun Server Diagnostic

Answer: C

5. A potential new customer needs servers and requests a response to their hardware specifications, which are all related to hardware speeds, disk, and memory configuration. The customer requests a quote within 48 hours. Which of the following should the System x Sales Specialist do to MAXIMIZE the odds of winning this business?

- A. Request an extension because 48 hours will not be enough time to propose an appropriate solution.
- B. Ask the customer for a call to learn more about their needs and respond to their request with a complete solution.
- C. Use the configuration guide or spreadsheet configurator to assemble server configurations that meet the specification, and then look for the lowest price.
- D. Contact the IBM Client Representative for this account and ask for assistance in setting up a meeting with the technical decision maker of the prospective customer.

Answer: B

6. Which IBM resource is a Web-based data repository for tested and supported hardware, applications, and middleware for System x and BladeCenter?

- A. IBM Sizing Guides
- B. Configuration & Options Guide COG
- C. Standalone Solutions Configuration Tool (SSCT)
- D. IBM ServerProven

Answer: D

7. A Sales Specialist receives an email from a customer, requesting information on IBM's best Server Consolidation solution. How should the Sales Specialist proceed?

- A. Send the customer information on VMware
- B. Send the customer information on IBM BladeCenter
- C. Call the customer to ask why they are consolidating
- D. Send the customer information on IBM System P

Answer: C

8. What IBM technology makes it easier for a customer to quickly locate and identify a failed server component?

- A. Memory Mirroring
- B. Predictive Failure Analysis
- C. Processor Clockspeed
- D. Light Path Diagnostics

Answer: D

9. The customer asks for a scalable SQL server solution. What advantages supports the choice of the System x3950?

- A. More processing 'head room' for a SQL infrastructure using eXpand on Demand
- B. A more affordable platform choice than HP Itanium based server
- C. IBM Services to install and support the solution

D.All of the above

Answer: D

10. CIOs and their staff have very little experience architecting or designing solutions to support unknown workloads. As executives focus on compliance issues, more systems must be architected to align with emerging or poorly defined requirements. If the customer prefers an integrated solution physically consolidated in a scalable, single framework that can connect to an enterprise class storage area network, what solution would you recommend?

A. Multiple 1U and 2U servers equipped with FC HBAs to connect to the enterprise SAN

B. Single 3U/4U servers expandable to 32-way equipped with FC HBAs to connect to the enterprise SAN

C. BladeCenter, expandable to 14 blades equipped with FC HBAs, and redundant 20-port FC SAN Switch modules to connect to enterprise SAN

D. IBM 1350 Cluster equipped with FC HBAs to connect to enterprise SAN

Answer: C

11. Which of the following resources help ensure hardware and software compatibility with IBM System x and BladeCenter servers?

A. IBM Configuration and Option Guide

B. IBM System Sales

C. IBM ServerProven

D. IBM Techline Web site

Answer: C

12. A customer who is reducing their technical staff has requested an Intel server proposal from various vendors. Which of the following is most relevant to this proposal?

A. Grid Computing

B. Active Energy Manager

C. Remote KVM

D. Systems Management

Answer: D

13. What IBM pre-sales guidance resource would you use to make sure the Systems x hardware and application software are appropriately matched up?

A. xREF Sheets

B. Standalone Solutions Configuration Tool (SSCT)

C. IBM Sizing Guides

D. IBM ServerProven

Answer: C

14. The CIO of a research and technology company recently sent an email outlining his organization's Information Technology plans for the next 12 to 18 months. He asked for proposals that satisfied the following requirements:

--Recommend an Opteron AMD server capable of running as a 3-way but can be upgraded to a 4-way server.

--Recommend a four (4) way Intel Dual core 3.5GHz Server capable of being upgraded to a 16 way server.

What servers would you propose?

A. IBM x3755 and IBM x3850

B. IBM x3650 and IBM LS41 Blade

C. IBM x3655 and IBM x3650

D. IBM x3755 and IBM x3950

Answer: D

15. A customer currently buys HP ProLiant servers and EMC storage. The customer has encountered various problems getting certain servers to work with their storage. Which of the following arguments can the Sales Specialist present to best position IBM?

A. IBM's ServerProven program is a reference that assures a customer of compatibility with specific third-party

products.

- B. IBM sells other vendors' products and will test compatibility with the customer's products.
- C. B IBM's storage division regularly tests their products with other vendors' server products.
- D. IBM's server division regularly tests their products with other vendors' storage products.

Answer: A

16. One of your best customers has limited funding and is interested in the ability to increase a system's computing power as needed. Which of the following System x server attributes should the Sales Specialist promote?

- A. Ability to hot-plug additional processors on demand
- B. Low cost of System x servers makes scaling out an option
- C. "Pay as you Grow" scalability of the IBM System x3950 server
- D. Integration of System x servers with the existing servers using an interconnect

Answer: C

17. A sales specialist is presented with a very large, complex opportunity. The customer is in the process of identifying business requirements. Which of the following tasks is most important to position IBM as the leader to capture this opportunity?

- A. Call the IBM Client Representative and ask the rep to influence the company's executives.
- B. Develop a strategy to better understand and possibly influence the customer's success criteria.
- C. Using IBM's opportunity management system, request a technical team be formed to design a solution.
- D. Nominate the customer for a funded IBM Server Consolidation study.

Answer: B

18. A customer is concerned about the high energy cost associated with their data center. Specifically, their concern focuses on the cooling cost of many hundreds of servers. You have a meeting with the CIO and CFO to propose a solution. How would you prepare yourself for the meeting?

- A. Since their capacities and usage models vary, ask the customer to turn off some of the servers during off-peak and low demand time.
- B. Investigate their expansion plans and suggest to the customer the removal of some of their servers to another location and retirement of the older servers.
- C. Contact the CFO to find out the targeted energy savings of the company and propose to the customer the purchase of a more efficient cooling system.
- D. Contact the CIO for a list of servers and type/model numbers. Complete a proposal outlining the savings on energy cost by deploying an IBM BladeCenter solution and total cost of ownership and return on investment.

Answer: D

19. The IBM Systems & Technology value proposition is built on:

- A. Realize Innovation, Manage Growth Complexity and Risk, Go Green and Save
- B. Collaboration, Virtualization, and Ecosystem
- C. Innovation, Collaboration, and On-Demand
- D. Openness, On-Demand, and Green

Answer: A

20. The Virtualization Manager manages physical and virtual machines through a single console. Which vendor offers this product to its customer at no additional charge?

- A. HP
- B. Unisys
- C. DELL
- D. IBM

Answer: D
