

000-913 IBM certifications I IBM informix 4gl development

000-913: informix 4gl development

Practice Exam: 000-913 Exams

Exam Number/Code: 000-913

Exam Name: informix 4gl development

Questions and Answers: 240 Q&As

([IBM certifications I](#))

Exam : [000-913](#)

IBM certifications I [000-913](#) Braindumps Q&A are created by senior IT lecturers in Just4Exam certification Q&A network and IBM certifications I product experts combination PROMETRIC or VUE true-to-date environmental examination of the original title.

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **IBM IBM certifications I 000-913** examination of original title complete coverage. Just4Exam **000-913 Braindumps** Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

VUE/Prometric Code: 000-913

Exam Name: informix 4gl development(IBM certifications I)

Questions and Answers: 240 Q&A

Just4Exam provide the professional Q&A.

1. We offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the 000-913 Exam.

000-913 simulation test questions, including the examination question and the answer, complete by our senior IT lecturers and the IBM certifications I product experts, included the current newest 000-913 examination questions.

3. 100% Guarantee to Pass Your IBM certifications I exam and get your IBM certifications I Certification.

All will purchase "000-913 Q&A" customers will obtain refund money after-sale commitments if do not pass the exam,

And enjoy the upgrade Q&A service for free in one year. Ensure customers a pass rate. Just4Exam helps you one time pass the IBM certifications I 000-913 tests.

We promised that use Just4Exam Q&A ensure you pass the exam at your first try.

1. The Q&A are from cooperation exam center of the real original title, summarized by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A. The correctly of the Q&A is 100%, the coverage of 000-913 Q&A are more than 96%. All you need to study the whole 000-913 Q&A before you participate the certification exam, it should be possible to easily complete the exam and pass the certification.

2. Just4Exam to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our 000-913 Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC or VUE test centers Seal. we will refund your full cost of 000-913 Q&A, absolutely guarantee you interests have no losses. (For a full refund details)

3. Just4Exam professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the 000-913 Q&A, we will update the Q&A in the first time, and provide you the download update for free.

[IBM 000-913](#) Test belongs to one of the IBM certifications I certified test, if needs to obtain the IBM certifications I certificate, you also need to participate in other related test, the details you may visit the [IBM certifications](#) I certified topic, in there, you will see all related IBM certifications I certified subject of examination.

000-913

Just4Exam professional provide IBM certifications I 000-913 the newest Q&A, completely covers 000-913 test original topic. With our complete IBM certifications I resources, you will minimize your IBM certifications I cost and be ready to pass your 000-913 tests on Your First Try, 100% Money Back Guarantee included!

Just4Exam Engine Features

Comprehensive questions and answers about 000-913 exam

000-913 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

000-913 exam questions updated on regular basis

Same type as the certification exams, 000-913 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free 000-913 exam demo before you decide to buy it in Just4Exam.com

Just4Exam Help You Pass Any IT Exam

[Just4Exam.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : IBM 000-913

Title : Informix 4GL Development

1. Click the <<ItemExhibitName>> button to view the exhibit.

Given the form in the exhibit, which code segment would properly add 10 to the input contents of field a and display the results in field b?

A. AFTER FIELD a

```
LET r_record.b = r_record.a + 10
```

```
DISPLAY BY NAME r_record.b
```

B. BEFORE INPUT

```
LET r_record.b = r_record.a + 10
```

```
DISPLAY BY NAME r_record.b
```

C. AFTER FIELD a

```
NEXT FIELD b
```

```
LET r_record.b = r_record.a + 10
```

D. ON KEY (F3)

```
NEXT FIELD a
```

```
LET r_record.b = r_record.a + 10
```

Answer: A

2. Why will preparing UPDATE and DELETE statements increase their execution speed?

- A. UPDATE and DELETE statements can NOT be prepared.
- B. The rows of the tables being selected will be cached in memory if the statement is prepared.
- C. Prepared statements are checked for syntax and optimized at prepare time, not at execution time.
- D. Memory is allocated for the results set which will be returned from the SELECT statement at prepare time.

Answer: C

3. An end user wants to see how values x and y are being set in function1 and function2, and also needs to know the value of z before function3 is called.

Using the Informix 4GL Debugger, which sequence of steps accomplishes this?

- A. set a break point for line 6, execute a call function2, execute a step/step
- B. set a break point for line 5, execute a call function1, execute a call function2, execute print z on line 10
- C. set a break point for line 5, execute a step into on lines 5 and 6; execute print z on line 9 prior to executing a step/step into/continue
- D. set a break point for line 5, execute a step, print x, execute a step, print y, execute print z on line 9 prior to executing a step/step into/continue

Answer: C

4. What are characteristics of INFORMIX-4GL RDS?

- A. It provides a graphical user interface.
- B. It can use the INFORMIX-4GL Interactive Debugger.
- C. It compiles faster than INFORMIX-4GL Compiled Version.
- D. It executes faster than INFORMIX-4GL Compiled Version.

Answer: BC

5. Which statements will be interrupted if the DEFER INTERRUPT statement has been executed and the user presses the interrupt key?

- A. INPUT
- B. CONSTRUCT
- C. INPUT ARRAY
- D. OPEN CURSOR
- E. START REPORT

Answer: ABC

6. Click the <<ItemExhibitName>> button to view the exhibit.

Given the exhibit, which rows will the DELETE statement delete?

- A. all of the rows
- B. all rows except those rows with a stock_num equal to five
- C. only those rows with descriptions of baseball and football
- D. only those rows with descriptions of baseball gloves and baseball hat

Answer: B

7. Which are valid INFORMIX-4GL function types?

- A. MAIN
- B. DEFINE
- C. REPORT
- D. INCLUDE
- E. OPTIONS
- F. GLOBALS
- G. FUNCTION

Answer: ACFG

8. Click the <<ItemExhibitName>> button to view the exhibit.

Given the code segment in the exhibit, which function(s) would be called?

- A. function_a()
- B. function_a() and function_b()
- C. function_a(), function_b() and function_c()
- D. function_a() and a run-time error would occur

Answer: A

9. Which statement about INFORMIX-4GL is true?

- A. The INFORMIX-4GL C-compiled version requires a p-code runner to execute.
- B. INFORMIX-4GL for Windows is only offered in the RDS version of the product.
- C. The INFORMIX-4GL RDS version compiles faster than the INFORMIX-4GL C-compiled version.
- D. The INFORMIX-4GL RDS version executes faster than the INFORMIX-4GL C-compiled version.

Answer: C

10. The end users at your client site require the ability to enter purchase orders online. Management has agreed to allow the users to perform this function, but with some restrictions. End users will be classified as one of three categories:

Each category of employee will have the following limits on the amount of the purchase order they are allowed to enter:

Given the following table structures and relationship:

Which two functions must be created to determine the maximum purchase order amount that a user is authorized to enter? (Choose two.)

- A. function to obtain the login of the user
- B. function to obtain the usertype_amt for the user
- C. function to obtain the login ID and group of the user
- D. function to obtain the personal profile set-up by the user

Answer: AB

11. Which sequence of steps opens a form and displays it on the screen?

- A. an OPEN WINDOW WITH FORM statement
- B. an OPEN FORM statement, followed by a FORM statement
- C. an OPEN WINDOW statement, followed by an OPEN FORM statement
- D. an OPEN FORM statement, followed by a DISPLAY FORM statement

Answer: AD

12. Which statement is correct about the BEFORE MENU clause of the MENU statement?

- A. It will execute before the menu appears to the user on the screen.
- B. It is required to check user access privileges before displaying the menu.
- C. It is the only place that the HIDE OPTION and SHOW OPTION statements can be used.
- D. It is required before variables can be used for the menu-name, option name, and option-description.

Answer: A

13. Click the <<ItemExhibitName>> button to view the exhibit.

Given the segment of code in the exhibit, what is the appropriate text for the variable what_error_message?

- A. The serial number you entered is not valid.
- B. Duplicate equipment records are not allowed.
- C. Equipment was not found, please re-enter the serial number.
- D. Null values are not allowed in name, serial number, make, or model fields.

Answer: B

14. What is one advantage of using INFORMIX-4GL C-compiled version versus INFORMIX-4GL RDS?

- A. It compiles faster.
- B. It executes the program faster.

- C. It uses the INFORMIX-4GL Interactive Debugger.
- D. It readily accesses a graphical presentation of your application.

Answer: B

15. Given the following directory structure, where would you find two existing libraries for the application? (Choose two.)

- A. Bin
- B. Lib
- C. Util
- D. 4GL_lib

Answer: BD

16. Which qualifiers can be used when formatting report output?

- A. USING
- B. SPACES
- C. STRING
- D. NEWLINE
- E. PICTURE
- F. CLIPPED

Answer: ABF

17. Which values will the form display when using the INPUT ARRAY statement?

- A. null
- B. the values of the program array
- C. the default attributes of the form
- D. the default attributes of the form or null
- E. the default column values from the table definition or null
- F. the default attributes of the form or the default column values from the table definition
- G. the default attributes of the form, the default column values from the table definition, or null

Answer: G

18. Which type of errors can be trapped by SQLCA.SQLCODE?

- A. compile-time errors
- B. user-interface errors
- C. application logic errors
- D. run-time database errors

Answer: D

19. Click the <<ItemExhibitName>> button to view the exhibit.

Given the exhibit, what is the stock_curs cursor being used to do?

- A. supply an "index of primary keys" to the stock_all_curs
- B. lock the current row of data in the database table to prevent the data from becoming stale
- C. check if any new rows have been inserted into the table since the stock_all_curs was last opened
- D. fetch the complete row of data from the database for the primary key supplied by the stock_all_curs

Answer: A

20. Which cursor type can use the FETCH PREVIOUS syntax?

- A. scroll cursor
- B. update cursor
- C. non-scrolling cursor
- D. a mobile cursor available only in D4GL

Answer: A
