

132-s-900.7 Avaya Certification

Avaya Specialist-IP Telephony Design Elective Exam

132-s-900.7: Specialist-IP Telephony Design Elective Exam

Practice Exam: 132-s-900.7 Exams

Exam Number/Code: 132-s-900.7

Exam Name: Specialist-IP Telephony Design Elective Exam

Questions and Answers: 76 Q&As

([Avaya Certification](#))

Avaya Certification [132-s-900.7](#) Braindumps Q&A are created by senior IT lecturers in Just4Exam certification Q&A network and Avaya Certification product experts combination PROMETRIC or VUE true-to-date environmental examination of the original title.

Exam : [132-s-900.7](#)

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **Avaya Avaya Certification 132-s-900.7** examination of original title complete coverage. Just4Exam **132-s-900.7 Braindumps** Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

VUE/Prometric Code: 132-s-900.7

Exam Name: Specialist-IP Telephony Design Elective Exam(Avaya Certification)

Questions and Answers: 76 Q&A

Just4Exam provide the professional Q&A.

1. We offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the 132-s-900.7 Exam.

132-s-900.7 simulation test questions, including the examination question and the answer, complete by our senior IT lecturers and the Avaya Certification product experts, included the current newest 132-s-900.7 examination questions.

3. 100% Guarantee to Pass Your Avaya Certification exam and get your Avaya Certification Certification.

All will purchase "132-s-900.7 Q&A" customers will obtain refund money after-sale commitments if do not pass the exam, And enjoy the upgrade Q&A service for free in one year. Ensure customers a pass rate. Just4Exam helps you one time pass the Avaya Certification 132-s-900.7 tests.

We promised that use Just4Exam Q&A ensure you pass the exam at your first try.

1. The Q&A are from cooperation exam center of the real original title, summarized by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A. The correctly of the Q&A is 100%, the coverage of 132-s-900.7 Q&A are more than 96%. All you need to study the whole 132-s-900.7 Q&A before you participate the certification exam, it should be possible to easily complete the exam and pass the certification.

2. Just4Exam to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our 132-s-900.7 Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC or VUE test centers Seal. we will refund your full cost of 132-s-900.7 Q&A, absolutely guarantee you interests have no losses. (For a full refund details)

3. Just4Exam professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the 132-s-900.7 Q&A, we will update the Q&A in the first time, and provide you the download update for free.

[Avaya 132-s-900.7](#) Test belongs to one of the Avaya Certification certified test, if needs to obtain the Avaya Certification certificate, you also need to participate in other related test, the details you may visit the [Avaya Certification](#) certified topic, in there, you will see all related Avaya Certification certified subject of examination.

132-s-900.7

Just4Exam professional provide Avaya Certification 132-s-900.7 the newest Q&A, completely covers 132-s-900.7 test original topic. With our complete Avaya Certification resources, you will minimize your Avaya Certification cost and be ready to pass your 132-s-900.7 tests on Your First Try, 100% Money Back Guarantee included!

Just4Exam Engine Features

Comprehensive questions and answers about 132-s-900.7 exam

132-s-900.7 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

132-s-900.7 exam questions updated on regular basis

Same type as the certification exams, 132-s-900.7 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free 132-s-900.7 exam demo before you decide to buy it in Just4Exam.com

Just4Exam Help You Pass Any IT Exam

[Just4Exam.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : Avaya 132-S-900.7

Title : Specialist-IP Telephony Design Elective Exam

1. A customer has two sites connected over a 512k serial WAN link. There are 40 employees at the main site and 20 employees at the remote site. Since the server bank and all trunks terminate at the main location, the customer has concerns about the bandwidth over the WAN link. They request a network assessment.

Which two design considerations are pertinent to the bandwidth on the WAN link? (Choose two.)

- A. VLAN capable Ethernet switch
- B. telecommuters using IP Softphone to access network resources
- C. number of voice calls going through the WAN link during peak time
- D. graphic-based programs used on the network between the two sites

Answer: CD

2. An Avaya customer with a large contact center is IP enabling their S87xx and will allow 25 users to work from home via IP Agent in the Telecommuter mode.

What is the minimum hardware required in the S87xx to provide this application?

- A. one CLAN board only
- B. one Media Processor board only
- C. one CLAN and one Media Processor board
- D. no hardware is required, only software.

Answer: A

3. The customer plans to add remote IP users when they implement VoIP on their network.

What information about the customer's data network do you need to know to verify that remote users can be supported? (Choose three.)

- A. codec administration
- B. network region for each remote user
- C. applications the remote user will be using
- D. bandwidth the remote user will have access to
- E. the average round trip between the VPN users and the voice network

Answer: CDE

4. Within an S8500 Server, 25 IP telephony endpoints are simultaneously connected to 10 digital sets, 10 IP sets, and 5 CO trunks.

How many DSPs are in use if G.711 is incorporated?

- A. 15
- B. 25
- C. 30
- D. 50

Answer: A

5. What needs to be considered at an Enterprise Survivability Server (ESS) location when implementing an agent recording solution?

- A. H.323 trunks
- B. locally sourced announcements
- C. Application Enablement Services (AES)
- D. Separation of Bearer and Signaling (SBS)

Answer: C

6. Your client is planning to implement IP Telephony on their recently installed S8500. They will have local IP sets and IP connected remote users (IP Softphone). In addition, they need connectivity to a limited-bandwidth WAN between headquarters and their manufacturing plant. The client is interested in setting up network regions.

What are three reasons to consider network regions in your overall design? (Choose three.)

- A. to associate parameters such as codecs and locations to groups of IP endpoints
- B. to provide IP endpoints certain mandatory use of resources that belong in the same region as the endpoint
- C. to provide IP endpoints certain preference to use resources that belong in the same region as the endpoint
- D. to associate IP endpoints with a type of signaling resource (CLANS) to load balance registration among the CLANS in multiple regions
- E. to associate IP endpoints with a type of signaling resource (CLANS) to load balance registration among the CLANS in the same region

Answer: ACE

7. Which two recommendations of a network assessment allow Avaya IP phones to boot up properly with dynamic addressing? (Choose two.)

- A. DHCP Site Specific Option 167 being set up correctly
- B. DHCP Site Specific Option 176 being set up correctly
- C. using Fast Spanning Tree Protocol (FSTP) at the port level
- D. turning off Spanning Tree Protocol (STP) at the switch level

Answer: BC

8. A client is implementing an S87xx Media Server with several G650 Media Gateways. They are concerned with overheating in the equipment room, especially in the equipment power units.

Which two conditions cause a G650 power supply to initiate an emergency shutdown? (Choose two.)

- A. overvoltage
- B. overheating
- C. undervoltage
- D. high humidity

Answer: AB

9. Which of the following does a typical Cisco design include?

- A. Right to Use for Call Manager
- B. Right to Use for Growth
- C. Right to Use for Phones
- D. Right to Use for Redundancy

Answer: C

10. You are developing IP Telephony bandwidth requirements for WAN traffic between two S87xx sites. The client estimates that simultaneous non-IP Telephony traffic will occupy 1.5 Mbps. In addition, they estimate that using G.729, 55 simultaneous IP calls need to be provided access to the WAN link.

What estimated bandwidth will the IP Telephony traffic add to the WAN traffic?

- A. 1.5 Mbps
- B. 275 Kbps
- C. 1650 Kbps
- D. 4675 Kbps

Answer: C
