

1T6-111 Network General Certification

Network General Troubleshooting and Management with Sniffer Distributed

1T6-111: Troubleshooting and Management with Sniffer Distributed

Practice Exam: 1T6-111 Exams

Exam Number/Code: 1T6-111

Exam Name: Troubleshooting and Management with Sniffer Distributed

Questions and Answers: 150 Q&As

([Network General Certification](#))

Exam : [1T6-111](#)

Network General Certification [1T6-111](#) Braindumps Q&A are created by senior IT lecturers in Just4Exam certification Q&A network and Network General Certification product experts combination PROMETRIC or VUE true-to-date environmental examination of the original title.

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **Network General Network General Certification 1T6-111** examination of original title complete coverage. Just4Exam **1T6-111 Braindumps** Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

VUE/Prometric Code: 1T6-111

Exam Name: Troubleshooting and Management with Sniffer Distributed (Network General Certification)

Questions and Answers: 150 Q&A

Just4Exam provide the professional Q&A.

1. We offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the 1T6-111 Exam.

1T6-111 simulation test questions, including the examination question and the answer, complete by our senior IT lecturers and the Network General Certification product experts, included the current newest 1T6-111 examination questions.

3. 100% Guarantee to Pass Your Network General Certification exam and get your Network General Certification Certification.

All will purchase "1T6-111 Q&A" customers will obtain refund money after-sale commitments if do not pass the exam, And enjoy the upgrade Q&A service for free in one year. Ensure customers a pass rate. Just4Exam helps you one time pass the Network General Certification 1T6-111 tests.

We promised that use Just4Exam Q&A ensure you pass the exam at your first try.

1. The Q&A are from cooperation exam center of the real original title, summarized by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A. The correctness of the Q&A is 100%, the coverage of 1T6-111 Q&A are more than 96%. All you need to study the whole 1T6-111 Q&A before you participate the certification exam, it should be possible to easily complete the exam and pass the certification.

2. Just4Exam to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our 1T6-111 Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC

or VUE test centers Seal. we will refund your full cost of 1T6-111 Q&A, absolutely guarantee you interests have no losses.(For a full refund details)

3. Just4Exam professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the 1T6-111 Q&A, we will update the Q&A in the first time, and provide you the download update for free.

Network General 1T6-111 Test belongs to one of the Network Genueral Certification certified test, if needs to obtain the Network Genueral Certification certificate, you also need to participate in other related test, the details you may visit the [Network Genueral Certification](#) certified topic, in there, you will see all related Network Genueral Certification certified subject of examination.

1T6-111

Just4Exam professional provide Network Genueral Certification 1T6-111 the newest Q&A, completely covers 1T6-111 test original topic. With our complete Network Genueral Certification resources, you will minimize your Network Genueral Certification cost and be ready to pass your 1T6-111 tests on Your First Try, 100% Money Back Guarantee included!

Just4Exam Engine Features

Comprehensive questions and answers about 1T6-111 exam

1T6-111 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

1T6-111 exam questions updated on regular basis

Same type as the certification exams, 1T6-111 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free 1T6-111 exam demo before you decide to buy it in Just4Exam.com

Just4Exam Help You Pass Any IT Exam

Just4Exam.com offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : Network General Corp

1T6-111

Title : Troubleshooting and Management with Sniffer Distributed

1. Which of the following is true about monitor adapters?

- A. Communicate with the console to control the agent
- B. Send data to third party RMON applications
- C. Attach to the network to gather Sniffer data
- D. A and B

Answer: C

2. When configuring a Monitor adapter, disable all protocols except:

- A. TCP/IP
- B. IPX
- C. Sniffer Driver
- D. WINS

Answer: C

3. Given permissions, what can the passive user in a session do?

- A. Capture and generate packets
- B. Capture, generate packets and manage the database
- C. Capture, generate packets, manage the database and reset real time statistics
- D. None of the above

Answer: D

4. Which adapter communicates with the console via IP/UDP and IP/TCP?

- A. Transport
- B. Monitor
- C. WANE
- D. LM2000

Answer: A

5. With Time Synchronization which server polls the Secondary Time Server?

- A. Primary Time Server
- B. Master Time Server
- C. Designated Time Server
- D. None of the above

Answer: D

6. True or false? VirusScan is installed on all our 4.3.X Appliances.

- A. True
- B. False

Answer: A

7. Which of the following are components of the Sniffer Enterprise Management Architecture?

- A. Sniffer Distributed Agents and Sniffer Monitors
- B. Sniffer Distributed Agents and Sniffer Distributed Consoles
- C. Sniffer Distributed Consoles and Sniffer Monitors
- D. Sniffer Distributed Agents and Switch Monitors

Answer: B

8. ____ is a protocol that enables software components to communicate directly over a network in a reliable, secure and efficient manner.

- A. Distributed Console Out-of Band
- B. Distributed Communication Module
- C. Distributed Component Object Model
- D. None of the above

Answer: C

9. The WAN600 (WANE) adapter provides ____ RS/V ports.

- A. 2
- B. 4
- C. 6
- D. 8

Answer: B

10. Sniffer Distributed Agents need at least ____ adapter(s).

- A. One
- B. Two

C. Three

D. Four

Answer: B

11. True or false? Full Duplex Ethernet and ATMbook are the only agents supported with pods.

A. True

B. False

Answer: A

12. With Sniffer Distributed RMON+ :

A. Capture and decode occurs and stays at the Sniffer Distributed Appliance, not the console

B. Capture and decode does not occur

C. Has the same functionality as Expert

D. Has no support for Expert Analysis Add-on

Answer: A

13. Controlling and viewing agents is the job of which of the following components?

A. Sniffer Distributed Console

B. Sniffer Distributed Agent

C. Sniffer Monitor

D. Sniffer Portable Network Analyzer

Answer: A

14. There are ____ versions of Gigabit Ethernet cards.

A. 2

B. 3

C. 4

D. 6

Answer: B

15. What does Remote Desktop 32 enable you to do?

A. Take remote control of the agent from any computer on the network

B. Take remote control of the agent through a dial-in connection

C. Configure the agent from a remote workstation

D. All of the above

Answer: D

16. Which of the following is true about RMON+ ?

A. is basically the same as Expert

B. is capable of capturing traffic but not monitoring

C. RMON+ capture can be looked at by an agent with the Expert option

D. B and C

Answer: C

17. Which of the following is true about transport adapters?

A. Communicate with the console to control the agent

B. Send data to third party RMON applications

C. Attach to and sniff the network segment(s)

D. A and B

Answer: D

18. When deploying Sniffer Distributed in your network, where should Sniffer analyzers be placed?

A. On backbones and uplinks

- B. On critical ports and segments
- C. On WAN connections
- D. All of the above

Answer: D

19. With Sniffer Distributed, which of the following monitor adapters are supported?

- A. 10/100 Ethernet
- B. 4-port Ethernet
- C. Token Ring
- D. All of the above

Answer: D

20. What protocol does the Distributed Appliance use to communicate with the console? :

- A. DCOM
- B. SCOM
- C. WCOM
- D. JOCM

Answer: A
