F5 Networks F5 BIG-IP V9.4 LTM Essentials

F50-521: F5 BIG-IP V9.4 LTM Essentials

Practice Exam: F50-521 Exams

Exam Number/Code: F50-521

Exam Name: F5 BIG-IP V9.4 LTM Essentials

Questions and Answers: 100 Q&As

([F5 Networks](#))

F5 Networks [F50-521](#) Braindumps Q&A are created by senior IT lecturers in Just4Exam certification Q&A network and F5 Networks product experts combination PROMETRIC or VUE true-to-date environmental examination of the original title.

Exam : [F50-521](#)

The Questions & Answers cover the latest real test and with all the correct answer.we promise the Q&A for **F5 Networks F5 Networks F50-521** examination of original title complete coverage.Just4Exam **F50-521 Braindumps** Questions & Answers help you pass the exam. Otherwise,we will give you a full refund.

VUE/Prometric Code: F50-521

Exam Name: F5 BIG-IP V9.4 LTM Essentials(F5 Networks)

Questions and Answers: 100 Q&A

Just4Exam provide the professional Q&A.

1. We offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the F50-521 Exam.

F50-521 simulation test questions, including the examination question and the answer, complete by our senior IT lecturers and the F5 Networks product experts, included the current newest F50-521 examination questions.

3. 100% Guarantee to Pass Your F5 Networks exam and get your F5 Networks Certification.

All will purchase "F50-521 Q&A" customers will obtain refund money after-sale commitments if do not pass the exam, And enjoy the upgrade Q&A service for free in one year. Ensure customers a pass rate.Just4Exam helps you one time pass the F5 Networks F50-521 tests.

We promised that use Just4Exam Q&A ensure you pass the exam at your first try.

1. The Q&A are from cooperation exam center of the real original title,summaried by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A.The correctly of the Q&A is 100%, the coverage of F50-521 Q&A are more than 96%.All you need to study the whole F50-521 Q&A before you participate the certification exam,it should be possible to easily complete the exam and pass the certification.

2. Just4Exam to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our F50-521 Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC or VUE test centers Seal. we will refund your full cost of F50-521 Q&A, absolutely guarantee you interests have no losses.(For a full refund details)

3. Just4Exam professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the F50-521 Q&A, we will update the Q&A in the first time, and provide you the download update for free.

[F5 Networks F50-521](#) Test belongs to one of the F5 Networks certified test, if needs to obtain the F5 Networks certificate, you also need to participate in other related test, the details you may visit the [F5 Networks](#) certified topic, in there, you will see all related F5 Networks certified subject of examination.

F50-521

Just4Exam professional provide F5 Networks F50-521 the newest Q&A, completely covers F50-521 test original topic. With our complete F5 Networks resources, you will minimize your F5 Networks cost and be ready to pass your F50-521 tests on Your First Try, 100% Money Back Guarantee included!

Just4Exam Engine Features

Comprehensive questions and answers about F50-521 exam

F50-521 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

F50-521 exam questions updated on regular basis

Same type as the certification exams, F50-521 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free F50-521 exam demo before you decide to buy it in Just4Exam.com

Just4Exam Help You Pass Any IT Exam

[Just4Exam.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : F5-Networks F50-521

Title : F5 BIG-IP V9.4 LTM Essentials

1. You have created a custom profile named TEST2. The parent profile of TEST2 is named TEST1. If additional changes are made to TEST1, what is the effect on TEST2?

- A. All changes to TEST1 are propagated to TEST2.
- B. Some of the changes to TEST1 may propagate to TEST2.
- C. Changes to TEST1 cannot affect TEST2 once TEST2 is saved.
- D. When TEST1 is changed, the administrator is prompted and can choose whether to propagate changes to TEST2.

Answer: B

2. Assume a BIG-IP has no NATs or SNATs configured. Which two scenarios are possible when client traffic arrives on a BIG-IP that is NOT destined to a self-IP? (Choose two.)

- A. If the destination of the traffic does not match a virtual server, the traffic will be discarded.
- B. If the destination of the traffic does not match a virtual server, the traffic will be forwarded based on routing tables.
- C. If the destination of the traffic matches a virtual server, the traffic will be processed per the virtual servers definition.
- D. If the destination of the traffic matches a virtual server, the traffic will be forwarded, but it cannot be load-balanced since no SNAT has been configured.

Answer: AC

3. When upgrading a BIG-IP redundant pair, what happens when one system has been updated but the other has not?

- A. Synching should not be performed.
- B. The first system to be updated will assume the Active role.
- C. This is not possible since both systems are updated simultaneously.
- D. The older system will issue SNMP traps indicating a communication error with the partner.

Answer: A

4. If a client's browser does not accept cookies, what occurs when the client connects to a virtual server using cookie persistence?

- A. The connection request is not processed.
- B. The connection request is sent to an apology server.
- C. The connection request is load-balanced to an available pool member.
- D. The connection request is refused and the client is sent a "server not available" message.

Answer: C

5. Where is the load-balancing mode specified?

- A. within the pool definition
- B. within the node definition
- C. within the virtual server definition
- D. within the pool member definition

Answer: A

6. Assume a virtual server has a ServerSSL profile. What SSL certificates are required on the BIG-IP?

- A. No SSL certificates are required on the BIG-IP.
- B. The BIG-IP's SSL certificates must only exist.
- C. The BIG-IP's SSL certificates must be issued from a certificate authority.
- D. The BIG-IP's SSL certificates must be created within the company hosting the BIG-IPs.

Answer: A

7. Assuming other fail-over settings are at their default state, what would occur if the fail-over cable were to be disconnected for five seconds and then reconnected?

- A. As long as network communication is not lost, no change will occur.
- B. Nothing. Fail-over due to loss of voltage will not occur if the voltage is lost for less than ten seconds.
- C. When the cable is disconnected, both systems will become active. When the voltage is restored, unit two will revert to standby mode.
- D. When the cable is disconnected, both systems will become active. When the voltage is restored, both systems will maintain active mode.

Answer: C

8. Assume a client's traffic is being processed only by a NAT; no SNAT or virtual server processing takes place. Also assume that the NAT definition specifies a NAT address and an origin address while all other settings are left at their defaults. If a client were to initiate traffic to the NAT address, what changes, if any, would take place when the BIG-IP processes such packets?

- A. The source address would not change, but the destination address would be translated to the origin address.
- B. The destination address would not change, but the source address would be translated to the origin address.
- C. The source address would not change, but the destination address would be translated to the NAT's address.
- D. The destination address would not change, but the source address would be translated to the NAT's address.

Answer: A

9. The incoming client's IP address is 205.12.45.52. The last five connections have been sent to members C,D,A,B,B.

Given the virtual server and pool definitions and the statistics shown in the exhibit, which member will be used for the next connection?

- A. 10.10.20.1:80
- B. 10.10.20.2:80
- C. 10.10.20.3:80
- D. 10.10.20.4:80
- E. 10.10.20.5:80

Answer: D

10. Which statement is true concerning SSL termination?

- A. A virtual server that has both ClientSSL and ServerSSL profiles can still support cookie persistence.
- B. Decrypting traffic at the BIG-IP allows the use of iRules for traffic management, but increases the load on the pool member.
- C. When any virtual server uses a ClientSSL profile, all SSL traffic sent to the BIG-IP is decrypted before it is forwarded to servers.
- D. If a virtual server has both a ClientSSL and ServerSSL profile, the pool members have less SSL processing than if the virtual server had only a ClientSSL profile

Answer: A
