

HP0-381 Certification I

HP Configuration & Management of HP Integrity Mid-range Servers

HP0-381: Configuration & Management of HP Integrity Mid-range Servers

Practice Exam: HP0-381 Exams

Exam Number/Code: HP0-381

Exam Name: Configuration & Management of HP Integrity Mid-range Servers

Questions and Answers: 135 Q&As

([Certification I](#))

Certification I [HP0-381](#) Braindumps Q&A are created by senior IT lecturers in Just4Exam certification Q&A network and Certification I product experts combination PROMETRIC or VUE true-to-date environmental examination of the original title.

Exam : [HP0-381](#)

The Questions & Answers cover the latest real test and with all the correct answer.we promise the Q&A for **HP Certification I HP0-381** examination of original title complete coverage.Just4Exam **HP0-381 Braindumps** Questions & Answers help you pass the exam. Otherwise,we will give you a full refund.

VUE/Prometric Code: HP0-381

Exam Name: Configuration & Management of HP Integrity Mid-range Servers(Certification I)

Questions and Answers: 135 Q&A

Just4Exam provide the professional Q&A.

1. We offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the HP0-381 Exam.

HP0-381 simulation test questions, including the examination question and the answer, complete by our senior IT lecturers and the Certification I product experts, included the current newest HP0-381 examination questions.

3. 100% Guarantee to Pass Your Certification I exam and get your Certification I Certification.

All will purchase "HP0-381 Q&A" customers will obtain refund money after-sale commitments if do not pass the exam, And enjoy the upgrade Q&A service for free in one year. Ensure customers a pass rate.Just4Exam helps you one time pass the Certification I HP0-381 tests.

We promised that use Just4Exam Q&A ensure you pass the exam at your first try.

1. The Q&A are from cooperation exam center of the real original title,summaried by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A.The correctly of the Q&A is 100%, the coverage of HP0-381 Q&A are more than 96%.All you need to study the whole HP0-381 Q&A before you participate the certification exam,it should be possible to easily complete the exam and pass the certification.

2. Just4Exam to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our HP0-381 Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC or VUE test centers Seal. we will refund your full cost of HP0-381 Q&A, absolutely guarantee you interests have no losses.(For a full refund details)

3. Just4Exam professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the HP0-381 Q&A, we will update the Q&A in the first time, and provide you the download update for free.

[HP HP0-381](#) Test belongs to one of the Certification I certified test, if needs to obtain the Certification I certificate, you also need to participate in other related test, the details you may visit the [Certification I](#) certified topic, in there, you will see all related Certification I certified subject of examination.

HP0-381

Just4Exam professional provide Certification I HP0-381 the newest Q&A, completely covers HP0-381 test original topic. With our complete Certification I resources, you will minimize your Certification I cost and be ready to pass your HP0-381 tests on Your First Try, 100% Money Back Guarantee included!

Just4Exam Engine Features

Comprehensive questions and answers about HP0-381 exam

HP0-381 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

HP0-381 exam questions updated on regular basis

Same type as the certification exams, HP0-381 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free HP0-381 exam demo before you decide to buy it in Just4Exam.com

Just4Exam Help You Pass Any IT Exam

Just4Exam.com offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : HP HP0-381

Title : Configuration & Management of HP Integrity Mid-range Servers

1. Which HP Integrity server models support the hardware partitioning (nPar) feature?

- A. entry-level and mid-range models
- B. high-end models only
- C. all models
- D. mid-range and high-end models

Answer: D

2. When running a Linux 2.6 kernel on an Integrity server, what is the maximum number of CPUs supported per nPar?

- A. 4
- B. 8
- C. 16
- D. 32

Answer: C

3. In HPUX 11i v2, which command displays the installed drivers and their major numbers?

- A. driver -d -v
- B. udrv

- C. Isdev
 - D. display drivers
- Answer: C

4. How many cells are required to create a single hardware partition?

- A. one
- B. two
- C. three
- D. four

Answer: A

5. What is the maximum number of processor modules that can run in an rx7620 server?

- A. 4
- B. 8
- C. 16
- D. 32

Answer: B

6. Which processor or processors does the HP sx1000 chipset support?

- A. PA-8800 and PA-8900 processors only
- B. Intel Itanium 2 processor only
- C. PA-8800, PA-8900, and Intel Itanium 2 processors
- D. PA-8800, PA-8700 and Intel Itanium 2 processors

Answer: C

7. Which statement about hardware partitioning is wrong?

- A. All CPUs within a partition must have the same architecture.
- B. To create a partition, you need more than one cell board.
- C. For every partition a core I/O card is needed.
- D. For more than two partitions on an rx86xx server, a System Extension Unit (SEU) is needed.

Answer: B

8. The System Expansion Unit (SEU) enables which system upgrade when it is added to an rx8620 server?

- A. more processors
- B. expanded memory
- C. additional partitions
- D. enhanced system power

Answer: C

9. Click the Exhibit button. You are using HP Systems Insight Manager console (HP SIM CMS). You notice one of the HP Integrity servers has a critical alert and you would like to access the system via remote management (MP). Where do you click to access the MP?

- A. SW icon for that server
- B. VMP icon for that server
- C. MP icon for that server
- D. VPM icon for that server
- E. HW icon for that server

Answer: C

10. What is the disadvantage of software partitioning?

- A. You need a core I/O card for every soft partition.
- B. A critical hardware failure will affect all vPars within the affected nPar.
- C. You need an I/O extender for every soft partition.

D. You need at least two bound CPUs per vPar.

Answer: B

11. Your customer wants to consolidate several existing servers in their data center. All of these servers are running different operating systems, such as HP-UX, Windows 2003 Data Center Edition, Linux and OpenVMS. What is the primary benefit of hardware partitioning?

- A. It is possible to have a backup of the node within the server.
- B. Several nodes can exist within one server.
- C. Hardware partitioning can improve the performance of a server.
- D. Allows for beta testing of software development.

Answer: B

12. What is an advantage of software partitioning on Integrity servers?

- A. You can use different types of CPUs on one cell board.
- B. There is not a single point of failure.
- C. There is no need for a hardware partition.
- D. You can build several vPars within a single cell nPar.

Answer: D

13. An accounting firm is coming into its busiest season and requires performance tuning flexibility. Which primary software partitioning feature will benefit this customer?

- A. Virtual Partitioning (vPar) includes cell board Instant Capacity (iCap).
- B. There is no physical CPU needed to create a vPar.
- C. It is possible to create a vPar across different hardware partitions.
- D. Processors can be deleted from a running vPar and then added to another running vPar.

Answer: D

14. Which tool is used to configure and order a mid-range Integrity server?

- A. Enterprise Configurator
- B. Electronic Sales Partner (ESP)
- C. SalesBuilder for Windows (SBW)
- D. Performance Quick Reference Tool (PQRT)

Answer: C

15. For which operation is Integrity server system firmware NOT responsible?

- A. Cell rendezvous
- B. Cell-local memory
- C. PCI card hot-plug
- D. SAN fabric login

Answer: D

16. How many echelons can be loaded on an rx8620 cell board?

- A. 16
- B. 8
- C. 4
- D. 2

Answer: B

17. When evaluating a customer's needs, you determine that he has highly fluctuating processing requirements with a need between 14 to 20 processors. Which system do you advise him to acquire?

- A. the rx7620 with iCAP
- B. the rx8620 with iCAP
- C. the rx7620 with PPU

D. the rx8620 with PPU

Answer: D

18. What is an advantage of hardware partitioning?

A. There is only one core I/O card needed for all partitions.

B. There can be several operating systems on one server.

C. All partitions can share the DVD drive.

D. There is no single point of failure.

Answer: B

19. Which of the servers below are Itanium-based and have a maximum of four cells?

A. rx7620

B. rx8620

C. rp7420

D. rx4640

Answer: B

20. Once an nPar is created, how do you modify the partition?

A. using Genesis Partition commands

B. using Management Processor (MP) commands

C. using Partition Manager commands

D. using IPMI commands

Answer: C
