

HP0-J26 Certification III

HP Designing and Implementing HP SAN Solutions

HP0-J26: Designing and Implementing HP SAN Solutions

Practice Exam: HP0-J26 Exams

Exam Number/Code: HP0-J26

Exam Name: Designing and Implementing HP SAN Solutions

Questions and Answers: 66 Q&As

([Certification III](#))

Certification III [HP0-J26](#) Braindumps Q&A are created by senior IT lecturers in Just4Exam certification Q&A network and Certification III product experts combination PROMETRIC or VUE true-to-date environmental examination of the original title. Exam : [HP0-J26](#)

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **HP Certification III HP0-J26** examination of original title complete coverage. Just4Exam **HP0-J26 Braindumps** Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

VUE/Prometric Code: HP0-J26

Exam Name: Designing and Implementing HP SAN Solutions(Certification III)

Questions and Answers: 66 Q&A

Just4Exam provide the professional Q&A.

1. We offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the HP0-J26 Exam.

HP0-J26 simulation test questions, including the examination question and the answer, complete by our senior IT lecturers and the Certification III product experts, included the current newest HP0-J26 examination questions.

3. 100% Guarantee to Pass Your Certification III exam and get your Certification III Certification.

All will purchase "HP0-J26 Q&A" customers will obtain refund money after-sale commitments if do not pass the exam, And enjoy the upgrade Q&A service for free in one year. Ensure customers a pass rate. Just4Exam helps you one time pass the Certification III HP0-J26 tests.

We promised that use Just4Exam Q&A ensure you pass the exam at your first try.

1. The Q&A are from cooperation exam center of the real original title, summarized by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A. The correctly of the Q&A is 100%, the coverage of HP0-J26 Q&A are more than 96%. All you need to study the whole HP0-J26 Q&A before you participate the certification exam, it should be possible to easily complete the exam and pass the certification.

2. Just4Exam to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our HP0-J26 Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC or VUE test centers Seal. we will refund your full cost of HP0-J26 Q&A, absolutely guarantee you interests have no losses. (For a full refund details)

3. Just4Exam professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the HP0-J26 Q&A, we will update the Q&A in the first time, and provide you the download update for free.

[HP HP0-J26](#) Test belongs to one of the Certification III certified test, if needs to obtain the Certification III certificate, you also need to participate in other related test, the details you may visit the [Certification III](#) certified topic, in there, you will see all related Certification III certified subject of examination.

HP0-J26

Just4Exam professional provide Certification III HP0-J26 the newest Q&A, completely covers HP0-J26 test original topic. With our complete Certification III resources, you will minimize your Certification III cost and be ready to pass your HP0-J26 tests on Your First Try, 100% Money Back Guarantee included!

Just4Exam Engine Features

Comprehensive questions and answers about HP0-J26 exam

HP0-J26 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

HP0-J26 exam questions updated on regular basis

Same type as the certification exams, HP0-J26 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free HP0-J26 exam demo before you decide to buy it in Just4Exam.com

Just4Exam Help You Pass Any IT Exam

[Just4Exam.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : HP HP0-J26

Title : Designing and Implementing HP SAN Solutions

1. How does NAS differ from SAN?

- A. SAN accesses data at block level.
- B. SAN is based on JBOD technology.
- C. NAS switches are more flexible than SAN switches.
- D. NAS is industry standard compliant.

Answer: A

2. What is tiering of a SAN?

- A. grouping devices by function
- B. moving DAS devices in a SAN
- C. implementing zoning in a fabric
- D. connecting the host and the accessed storage devices to the same SAN switch

Answer: A

3. What are benefits of SAN deployment? (Select two.)

- A. file level access
- B. improves operating system mirroring performance

- C. reduces application response time
- D. inexpensive hardware
- E. centralized data

Answer: CE

4. Which statements are true about the 8/20q Fibre Channel switch? (Select two.)

- A. It can only be used as an edge switch.
- B. It supports plug-and-play compatibility.
- C. It supports multi-switch networks with up to 6 switches and 3 hops.
- D. It supports only SFP8 transceivers.
- E. It has a base of 12 ports enabled, with 4-port increments.

Answer: BC

5. What describes a fully meshed fabric?

- A. hierarchical switch arrangement
- B. inter-switch links from each switch to every other switch
- C. storage hosts connections to the marginal switches
- D. maximum of three hops from end to end

Answer: B

6. Which Fibre Channel routing method uses zoning to allow communication between devices in independent fabrics?

- A. B-Series LSAN
- B. C-Series VSAN
- C. B-Series Virtual Fabric
- D. M-Series ZSAN

Answer: A

7. What is a benefit of routing between fabrics compared to merging fabrics?

- A. reduced cost
- B. WWN conservation
- C. service interruption isolation
- D. zoning elimination

Answer: C

8. What are characteristics of an Enterprise Backup Solution? (Select two.)

- A. online backup without application downtime
- B. load balancing through multiple paths
- C. an environment which allows shared libraries
- D. high bandwidth connectivity
- E. automatic failover and failback in a multipath environment

Answer: CD

9. When is zoning required? (Select three.)

- A. when the number of nodes or ports in the SAN exceeds the storage system connection limit
- B. when mixing OpenVMS and Tru64 UNIX operating systems connected to the same storage subsystem
- C. when the SAN performance does not meet the needs of the customer's application environment
- D. when there are known interaction problems between different hardware platforms
- E. when mixing operating systems that are currently only supported in homogeneous SANs
- F. when inter-switch link trunking between core switches is implemented

Answer: ADE

10. What must be considered when joining distant switches with nonrouted FCIP?

- A. The FSPF algorithm will favor the IP based link.

- B. Switches will need to maintain individual namespace maps for every connected switch.
- C. The switches will merge into a single fabric.
- D. Fibre Channel traffic will take priority over all other traffic in the IP network.

Answer: C
