

JN0-100 JNCIA

Juniper Networks Juniper Networks Certified Internet Associate (JNCIA-JUNOS)

JN0-100: Juniper Networks Certified Internet Associate (JNCIA-JUNOS)

Practice Exam: JN0-100 Exams

Exam Number/Code: JN0-100

Exam Name: Juniper Networks Certified Internet Associate (JNCIA-JUNOS)

Questions and Answers: 161 Q&As

([JNCIA](#))

Exam : [JN0-100](#)

JNCIA [JN0-100](#) Braindumps Q&A are created by senior IT lecturers in Just4Exam certification Q&A network and JNCIA product experts combination PROMETRIC or VUE true-to-date environmental examination of the original title.

The Questions & Answers cover the latest real test and with all the correct answer. we promise the Q&A for **Juniper Networks JNCIA JN0-100** examination of original title complete coverage. Just4Exam **JN0-100 Braindumps** Questions & Answers help you pass the exam. Otherwise, we will give you a full refund.

VUE/Prometric Code: JN0-100

Exam Name: Juniper Networks Certified Internet Associate (JNCIA-JUNOS) (JNCIA)

Questions and Answers: 161 Q&A

Just4Exam provide the professional Q&A.

1. We offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the JN0-100 Exam.

JN0-100 simulation test questions, including the examination question and the answer, complete by our senior IT lecturers and the JNCIA product experts, included the current newest JN0-100 examination questions.

3. 100% Guarantee to Pass Your JNCIA exam and get your JNCIA Certification.

All will purchase "JN0-100 Q&A" customers will obtain refund money after-sale commitments if do not pass the exam, And enjoy the upgrade Q&A service for free in one year. Ensure customers a pass rate. Just4Exam helps you one time pass the JNCIA JN0-100 tests.

We promised that use Just4Exam Q&A ensure you pass the exam at your first try.

1. The Q&A are from cooperation exam center of the real original title, summarized by our professional team and collated by senior IT lectured in co-training center to make sure the professional quality of the Q&A. The correctly of the Q&A is 100%, the coverage of JN0-100 Q&A are more than 96%. All you need to study the whole JN0-100 Q&A before you participate the certification exam, it should be possible to easily complete the exam and pass the certification.

2. Just4Exam to all the Q&A, we promised "do not pass the exam give you a full refund". If you buy our JN0-100 Q&A and did not pass the exam at the first try. You can take the examination report card that stamped with PROMETRIC or VUE test centers Seal. we will refund your full cost of JN0-100 Q&A, absolutely guarantee you interests have no losses. (For a full refund details)

3. Just4Exam professional IT Q&A vendors, we provide well after-sale service. To all the customers buy the Q&A, we provide track service. when you buy the Q&A with in one year. you can enjoy the upgrade Q&A service for free. If in this period, the certified test center change the JN0-100 Q&A, we will update the Q&A in the first time, and provide you the download update for free.

[Juniper Networks JN0-100](#) Test belongs to one of the JNCIA certified test, if needs to obtain the JNCIA certificate, you also need to participate in other related test, the details you may visit the [JNCIA](#) certified topic, in there, you will see all related JNCIA certified subject of examination.

JN0-100

Just4Exam professional provide JNCIA JN0-100 the newest Q&A, completely covers JN0-100 test original topic. With our complete JNCIA resources, you will minimize your JNCIA cost and be ready to pass your JN0-100 tests on Your First Try, 100% Money Back Guarantee included!

Just4Exam Engine Features

Comprehensive questions and answers about JN0-100 exam

JN0-100 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

JN0-100 exam questions updated on regular basis

Same type as the certification exams, JN0-100 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free JN0-100 exam demo before you decide to buy it in Just4Exam.com

Just4Exam Help You Pass Any IT Exam

[Just4Exam.com](#) offers incredible career enhancing opportunities. We are a team of IT professionals that focus on providing our customers with the most up to date material for any IT certification exam. This material is so effective that we Guarantee you will pass the exam or your money back.

Exam : Juniper Networks JN0-100

Title : Juniper Networks Certified Internet Associate (JNCIA-JUNOS)

1. Which command is a valid way to view the status of an interface?

- A. > show interfaces fe-0/0/0 extensive
- B. > show interfaces fe-0/0/0 status
- C. > show interfaces fe-0/0/0 health-info
- D. > show interfaces fe-0/0/0 verbose

Answer: A

2. Which two statements regarding JUNOS architecture are correct? (Choose two.)

- A. The Routing Engine handles all exception traffic.
- B. The Routing Engine synchronizes the route table with the PFE.
- C. The Routing Engine is hot-pluggable.
- D. The Routing Engine controls the PFE.

Answer: CD

3. Which statement is true about the internal link between the Routing Engine and the Packet-Forwarding Engine?

- A. It is only used for exception traffic.
- B. It is an FE link called fxp2.

- C. It is rate-limited to avoid DDOS attacks.
- D. It is only used to send the forwarding-table from the Routing Engine to the Packet-Forwarding Engine.

Answer: C

4. When a non-root user connects to a JUNOS platform and enters a username and password, the user is immediately placed at which level?

- A. UNIX shell
- B. user level CLI
- C. configuration mode
- D. operational mode

Answer: D

5. For which two functions is the Routing Engine responsible? (Choose two.)

- A. packet forwarding
- B. queuing functions
- C. routing protocol control
- D. JUNOS software operation

Answer: CD

6. Which major J-Web menu should you use to upgrade the JUNOS software on the router?

- A. Monitor
- B. Maintain
- C. Diagnose
- D. Configuration

Answer: B

7. In which mode are users allowed to configure the device, including interfaces, protocols, user access, and system hardware properties?

- A. privileged mode
- B. configuration mode
- C. monitoring mode
- D. operational mode

Answer: B

8. Which statement is correct about the validate option when upgrading JUNOS software?

- A. It will check the MD5 checksum of the install package.
- B. It will check if the device meets the memory requirements for the install package.
- C. It will check the compatibility of the configuration with the install package.
- D. It will check if the device meets the storage requirement for the install package.

Answer: C

9. What represents the decimal equivalence of 11000000 10101000 10101100 11110001?

- A. 192.168.184.201
- B. 192.168.172.241
- C. 192.170.172.237
- D. 192.170.184.221

Answer: B

10. On a Juniper Router, where is the JUNOS software located?

- A. EPROM
- B. Zip drive
- C. hard drive
- D. compact flash

Answer: D

11. How many IP addresses can be configured in a given interface?

- A. one primary and one secondary IP address
- B. one IP address
- C. as many IP addresses as you want
- D. one primary and multiple secondary IP addresses

Answer: C

12. If the PFE does not have a route to the destination address of a packet, which action will be taken?

- A. The PFE floods the packet out of all interfaces.
- B. The PFE drops the packet and sends a destination unreachable notification back to source device.
- C. The PFE forwards the packet to the routing engine for further processing.
- D. The PFE queues the packet and sends a request for a layer 3 lookup to the routing engine.

Answer: B

13. On a Juniper router, what is the default file used for syslog messages?

- A. system
- B. errors
- C. security
- D. messages

Answer: D

14. Which three statements are true of dynamic routing protocols? (Choose three.)

- A. They are scalable.
- B. They are Dijkstra based.
- C. They share network layer reachability information among neighbors.
- D. They automate next hop decisions.
- E. They are tolerant of configuration errors.

Answer: ACD

15. What is the interface connecting the routing engine to the packet forwarding engine called?

- A. Loopback 0
- B. management
- C. internal (fxp1)
- D. control interface

Answer: C
